WHAT'S NEW?

SCHEDULING OF SECOND YEAR DAY REQUIREMENTS

- Rising second year full-time students must register in the fall for Constitutional Law and the day section of Business Associations, Financial Concepts for Lawyers (must be taken either before or at the same time as BA), and/or Evidence. Whichever course is not taken in the fall must be taken in the spring.
- Rising second year part-time students must register in the fall for Constitutional Law, a day or evening section of Torts I, and Evidence. In the spring, students should plan on taking Business Associations, Financial Concepts for Lawyers (must be taken either before or at the same time as BA), Professional Responsibility, and Criminal Law.
- If you are interested in the VITA pro bono program, or an IRS Externship, you **must** enroll in Federal Income Taxation in the fall.

SECOND YEAR EVENING SCHEDULE

In addition to Constitutional Law I, rising second year evening students will register for the evening sections of Torts I and Criminal Law for the fall. In the spring, students should plan on taking the evening sections of Constitutional Law II, Professional Responsibility, and Evidence.

THIRD YEAR EVENING STUDENTS

Rising third year evening students must register in the fall for Criminal Law. In the spring, students should plan on taking the evening section of Evidence.

RESTRICTION OF EMPLOYMENT

The Law School requires that all full-time students who are registering for 12 or more credits are not employed more than 20 hours per week during the semester. In satisfaction of this requirement, all full-time students registering for at least 12 credits will need to "Accept" the following statement in order to enroll in classes:

"As a full-time student registering for 12 credits or more, I hereby certify that I will not work more than 20 hours in any week in which classes are in session."

PART-TIME DAY AND EVENING STUDENTS

Part-time day and evening students are restricted to registering for a maximum of 11 credits.

NEW AND UPDATED COURSES

Financial Concepts for Lawyers

1 credit. Lecture

This course will provide law students with an introduction to accounting (balance sheet, income statement, cash flow statement, financial statement analysis), the time value of money (including future value, present value, and internal rate of return), financial instruments (including debt, preferred stock, and common stock), and the basics of Excel.

Please note that students need to take this course either before or at the same time as Business Associations.

Course is graded on a High Pass, Pass, Low Pass or Fail basis.

Note: Only rising second year students are eligible to enroll in this course.

European Union Law (INTL9607)

3 credits. AWR Seminar or 2 credits. Take-home exam.

The EU has changed dramatically over the last decade. Accordingly, this course will look at its origins in the Schuman Declaration, May 9, 1950, to see the values and times as the Founders lived them and compare that with the changing times and values of today, almost 70 years later. EU citizenship, the status of women and the achievement of an internal market will be considered as a basis for examining core values and assaultive challenges. New developments will be examined such as keeping the peace with NATO, intervening in Kosovo and coping with the stance of the Russian Federation, including their Eurasian Economic Union and its oil interests. All-consuming discussions of what Brexit means for the European constitutive treaties dwarfs the crisis in Turkey, the threats in Hungary and Poland and the need for fuller relations with Africa. Other challenges demand legal and political attention. Finally, the culture of corporate and political corruption, security, crimes-and-justice, the status of refugees and forgotten peoples in an age of terrorism and the state of the people's trust and confidence in the institutions of the EU have only become more important in the wake of Brexit. There is an optional fall break one credit travel component (see below) that may be taken by the students in this course. This course fulfills the requirement of EU law and an EU paper that is necessary for application to the European Court Externship Program (Dean Acheson Stage Program).

This seminar meets one night a week in the fall for two hours. The student may choose 3 credits, which requires a 25-page paper fulfilling the AWR requirement or 2 credits, which requires a take-home examination instead of a paper.

EU Law Course Travel Component (INTL9600)

1 credit. Lecture

Co/Pre-requisite: European Union Law Seminar (INTL9607)

This EU Law Course Travel Component awards an additional one credit for a one week program designed to assist the students with their EU Law AWR papers. Those choosing the take-home exam option may also enroll in this course. The travel component builds upon the EU Law course by affording a small group of law students the opportunity to travel to Belgium and Luxembourg during fall break (with faculty) to learn about EU institutions and various EU legal issues. The program will engage with educational partners at the Catholic University of Louvain, in Louvain-la-Neuve and the University of Luxembourg on a wide range of topics, including Brexit, the refugee crisis, and EU external relations. The program will also offer students the opportunity to gain first-hand knowledge about the EU institutions through visits to the Court of Justice in Luxembourg and the European Commission and Parliament in Brussels. **(The travel component of EU Law is not a mandatory component of the EU Law AWR seminar.)**

Course is graded on a Pass/D or Fail basis.

Cost: Approximately \$3,000 per student (including all travel expenses, transportation within Europe, lodging and meals).

Travel Dates – Sunday, 10/8 to Thursday, 10/12 (Fall Break)

OUTSTANDING TUITION BALANCE/FINANCIAL HOLDS

It is your responsibility to clear any unpaid balance with the Bursar's Office prior to registering via the web. Financial holds are automatically placed on your account regardless of the amount due. In addition, all monies must be received prior to the date of your registration, regardless of the source from which the tuition is being paid. If you have a current balance, you will be automatically blocked from registering for courses and will be referred to the Bursar's Office. This will result in having to restart the registration process (if cleared by the Bursar to register) and will reduce your chances of enrolling in your desired courses.

OTHER HOLDS

There are several types of holds which could affect your registration status, namely: bursar, academic, transcript, health services and financial aid. Prior to registration, it is recommended that you go online to check if you have any holds on your account. If one does exist, you should contact the appropriate department to resolve the hold.

If you have any questions about a financial hold, please contact the Office of Enrollment Services at 973-642-8385.

Please click on the applicable link below to consult the curriculum chart for your division which lists the required courses and the semester in which they are scheduled to be taken.

[FULL-TIME PROGRAM](#)

[EVENING PROGRAM](#)

[PART-TIME PROGRAM](#)

COURSE REGISTRATION PROCEDURES

1. All students registering for full-year courses are required to remain with the same professor during both semesters.
2. All students must register for required courses in the semester in which they are scheduled to be taken within the students' division, unless they receive written permission from the Associate Dean of Academic Affairs or Acting Dean of Students to defer a requirement.
3. Full-time students must register for the majority of their courses within their division unless prior written approval is received from the Associate Dean of Academic Affairs or Acting Dean of Students. Full-time students may register for electives offered in the evening, but do not receive priority for them.
4. Course sections beginning with the letters "A-L" are day courses and sections with the letters "M-Z" are evening courses. Course sections beginning with the letter "E" are available to both day and evening students. **Not all courses offered before 6:05pm are available to evening students.** Evening students should refer to the course section to determine eligibility for enrolling in any course scheduled during the day.

NOTE: The Law School schedules courses according to the availability of facilities and instructors. Not all courses and seminars are offered each year. Several courses may be offered only in alternate years. The Law School reserves the right to add, delete, or to change any course, or the credit for any course, at any time. Some courses, and all seminars and clinical programs have limited enrollments. As in other law schools, Seton Hall Law School cannot assure every student the opportunity to take every desired course.

PASS/D OR FAIL OPTION POLICY

Once during a student's last four semesters, he or she may opt to take an elective course (excluding clinics) on a Pass/D or Fail option. It is entirely up to the professor teaching the course whether he or she chooses to make this option available, and if so, may only be up to a maximum of 20% of the class. The Registrar's Office will determine if more students request the Pass/D or Fail option than there are seats, which students are permitted to take any course Pass/D or Fail. However, students may not apply courses taken Pass/D or Fail toward the concentration credit requirement. In addition, no student may take an AWR course using this option if he or she needs AWR certification for the graduation requirement. Courses that are offered with the option of Pass/D or Fail are noted in the schedule of classes enclosed in this handbook. **A course that is only offered on a Pass/D or Fail basis shall not count as the "one elective" that may be taken with the Pass/D or Fail option.** To apply to take a course that is offering this option, you must submit the [Pass/D or Fail Option for Elective Courses](#) form.

Students will receive an e-mail notification as to whether or not their request has been approved.

Early Filing Deadline: Friday, April 28

Late Filing Deadline: Friday, August 11

EXAMINATIONS

Final examinations will not be scheduled until after the Drop/Add period. Students who have an exam conflict may then request a rescheduling of an examination based on the Law School's Conflict Policy. The exam schedule will be posted on our website by the week of September 18th.

CREDIT LOAD

A full-time student is required to register for a minimum of 12 credits with a maximum of 16 credits. This limitation applies to joint degree candidates as well. A part-time day or evening student is required to register for a minimum of eight credits with a maximum of 11 credits. No student on probation will be permitted to register for courses in excess of the maximum set forth in your letter of probation. **Any deviation from the above credit load must be approved in writing by the Associate Dean of Academic Affairs or Acting Dean of Students prior to registering.**

RESIDENCY REQUIREMENT

All students must meet the law school's residency requirements in order to be certified for graduation. A full-time student must be in residence for at least six semesters with a minimum of 12 credits each semester and a part-time student must be in residence for at least eight semesters with a minimum of eight credits each semester. Any student who has changed divisions or is seeking to graduate a semester early must check with the Registrar in order to ensure compliance with this requirement.

[COURSE DESCRIPTIONS/PREREQUISITES](#)

Students are responsible for checking course pre/co-requisites.

ADVISORS

There will be a number of faculty members and administrators who are available for advisement during registration. Please feel free to contact any [advisor](#) on the list for an appointment to discuss your schedule.

DROP/ADD PROCEDURES

The Drop/Add period consists of the first week of classes, Monday, August 21 – Sunday, August 27. **No student will be permitted to drop/add after the first week of classes, nor will any student receive academic credit that is not officially registered by Sunday, August 27.**

COURSE WITHDRAWAL

A student is permitted to withdraw from a course up until the day of the scheduled examination, or if self-scheduled, the last day of examinations. In the case of a seminar, a student may withdraw up to the day in which the paper is due. However, no student may attempt more than 98 credits of academic work, including retaken courses. A course from which a student withdraws with the approval of the Associate Dean of Academic Affairs or Acting Dean of Students does not count as an attempted course. Notwithstanding the above, any student who is involuntarily withdrawn or who withdraws, with or without approval, from more than 20 credits will be automatically dismissed.

A student withdrawing from any course, including externships, journals, clinics, moot court or Independent Research will receive a grade of "WD" (Withdrawal).

CLASS CANCELLATIONS

Students will be notified by e-mail in the event a course is cancelled.

JANUARY 2018 DEGREE APPLICATION

All JD candidates who intend to complete degree requirements after the Fall 2017 semester, must file the online [Application for Graduation](#) form with the Office of Enrollment Services. Applications must be received by 6:00 pm, Monday, August 28. **Failure to file this application may result in the student's graduation date being the next available date after the succeeding semester.**

CREDIT FOR JOURNALS

Members/editors should register for journal credit based on their below journal status.

- New journal members register for a one credit member for both the fall and spring semesters.
- Continuing journal members (second year on journal) register for zero member credits for the fall semester (members must register for the journal even though it's for zero credits) and for a one credit member for the spring semester for a total of three credits over four semesters.
- Editors (students on the editorial board only) register for a one credit editor for the fall semester and for a two credit editor for the spring semester for a total of five credits over four semesters.

INDEPENDENT RESEARCH - Minimum 3.00 GPA

Students interested in registering for Independent Research must complete the online [Independent Research Approval Form](#) and obtain the appropriate signatures of the faculty advisor and the Independent Research Committee members. Upon submission of the approval form, students will be registered for the course, but in no case will any student be registered later than the end of the Drop/Add period (first week of the semester). It is the student's responsibility to ensure that the completed form is returned to the Office of Enrollment Services before the end of the Drop/Add period.

[CONCENTRATIONS](#)

The Law School offers concentrations in [Health Law](#), [Intellectual Property](#) and [Compliance](#).

THE LEGAL PRACTICE CURRICULUM

The Legal Practice Curriculum offers students rigorous training in the skills needed to practice law. The classes utilize simulation exercises where students are required to engage in real lawyering tasks such as advocating for a client at trial, drafting a legal brief or contract, and mediating a dispute. These courses have limited enrollment (generally 8-12 students per section), thereby allowing significant interaction with and feedback from faculty. Many of these classes are taught by adjunct professors who are experts in the area. For example, federal judges and experienced trial lawyers teach many of the litigation skills courses.

REQUIRED COURSES

Each law student is required to take three legal practice courses prior to graduation.

1. Introduction to Lawyering (LAW5050-51)
2. Appellate Advocacy (MTCT7151)
3. Persuasion and Advocacy (PRMD8210)

Introduction to Lawyering

In Introduction to Lawyering, students will learn the following core lawyering skills: writing, research, interviewing, fact analysis, client counseling, negotiation and oral advocacy. Through the use of simulations students will be required to step into the lawyer role, practice their skills, and make decisions that are challenging on intellectual, strategic, emotional and ethical levels.

Appellate Advocacy

Appellate Advocacy is a two credit required course that meets once a week in sections of no more than 16 students. Each section will be taught by an instructor with the assistance of a member of the Moot Court Board, who will focus on brief writing skills, advocacy strategy and oral argument skills.

Students receive a letter grade for the course, based upon completion of an appellate brief, a final round of oral argument, and participation in class and conferences. Students will prepare drafts and a final brief on a one-issue moot court problem, present several practice rounds of oral argument and one graded round, and meet in individual conferences with the instructor.

Students customarily register for Appellate Advocacy in the first semester of the second year (day division) or first semester of the third year (part-time day and evening divisions). However, new law journal members are advised to wait until Spring semester to register for Appellate Advocacy. This sequence allows the maximum opportunity for students to participate in the Gressman Competition, the Interscholastic Moot Court Board and the Appellate Advocacy Moot Court Board. This traditional sequence also affords students maximum flexibility in completing the AWR requirement, course selection, clinical participation, and other academic/co-curricular activities.

Persuasion and Advocacy

Persuasion and Advocacy teaches students the art of persuasion. While the course uses the context of a courtroom, the skills developed are applicable across the spectrum of legal work, whether in corporate negotiations, zoning board presentations, or appellate arguments. The exercises and simulations focus on the integration of storytelling and thematic development into the basic skills of direct examination, cross-examination, opening statements, and closing arguments. This is a highly participatory course, and students will be asked to participate in drills and simulations in every class.

In addition to the sections of Persuasion and Advocacy offered in the Fall 2017, multiple sections of the course will also be offered in the 2018 Winter Session for those students who are interested in taking the course in an accelerated full-day setting.

ADVANCED LEGAL PRACTICE COURSES

The law school offers a number of advanced legal practice courses where students can further exercise and improve their lawyering skills in specialized areas such as litigation, alternative dispute resolution, and transactional practice. For the 2017/18 academic year, the following advanced legal practice courses will be offered.

13. SDNY Representation in Mediation Practicum (PRMD9235)
14. Trial of a Civil Matter, The (PRMD9250)
15. Trial of a Criminal Case, The (PRMD9255)

Advanced Writing Requirement

All students are required to fulfill a substantial writing requirement for graduation. The following courses offered will fulfill this requirement. The courses listed are the only courses offered during the Fall 2017 semester which will fulfill the Advanced Writing Requirement.

| COURSE | PROFESSOR |
|--|------------------|
| European Union Law | McCauliff |
| Law & Morality | Ambrosio |
| Regulating Research with Human Subjections | Coleman |
| Religion and the First Amendment | Carmella |

NOTE: Students who enroll in the above courses must meet AWR standards even if they do not need AWR Certification.

For all papers which are intended to satisfy the Advanced Writing Requirement, the professor must agree that the topic is appropriate for advanced legal writing credit. After completion of the paper, the professor must certify to the Registrar that the paper satisfies the Advanced Writing Requirement. At the option of the professor, this certification may be based on revisions which are made after the student has received a final grade in the seminar. Revisions made after the conclusion of the seminar shall not result in any change in the final grade.

The following also qualify for the Advanced Writing Requirement:

In order to receive journal credit, students must first receive [AWR certification](#) for comments written during their first year as members of any of the three journals: Law Review, Legislative Journal and Circuit Review. The faculty member supervising the comment must certify that the comment satisfies the AWR requirement as specified on our website.

Externships

Students can develop their practical skills in real lawyering contexts through the Externship Program. Seton Hall has a broad range of externship placements in approximately 200 not-for-profit and governmental organizations, with judges of approved courts, and with select entertainment organizations. The Externship Program provides students the opportunity to obtain academic credit for interning with approved organizations, provided all requirements are met.

CURRICULUM PLANNING

Persuasion and Advocacy is a prerequisite for the advanced litigation and transactional skills courses, and students who are interested in further developing their skills for legal practice should take Persuasion and Advocacy early enough in their law school career to allow room for these advanced courses. To enroll in Advanced Civil Practice and Advanced Criminal Practice, students must also have completed either the one-semester Evidence. Either Advanced Civil Practice or Advanced Criminal Practice is a co/prerequisite for The Trial of a Civil Matter or The Trial of a Criminal Case.

To enroll in clinical courses, students must first complete courses in Persuasion and Advocacy, Evidence, and Professional Responsibility.

Some legal practice courses are only offered once per year, while others may be offered only in alternating years. Thus, students should plan ahead for legal practice courses. In addition, other advanced legal practice courses may be added to the curriculum in future semesters.

LIMIT ON LEGAL PRACTICE AND SELF-DIRECTED WORK CREDITS

No more than 15 credits of legal practice and self-directed work credits shall count towards graduation. This would include legal practice courses (excluding Persuasion and Advocacy), externships, moot court (excluding Appellate Advocacy), Independent Research, and clinics (non-classroom component only).

EQUIVALENCY COURSES

There are a number of courses which have substantial overlap in course coverage and as a result, not all may be counted towards degree requirements.

CLASS ATTENDANCE POLICY

The Law School has a mandatory Class Attendance Policy which calls for students to attend a minimum of 75% of class sessions in a course or be administratively withdrawn from the course. No excused absences are permitted. An absence for any reason, including late registration, counts towards the maximum of 25% absences allowed.
