

SETON HALL LAW SCHOOL CENTER FOR HEALTH & PHARMACEUTICAL LAW

Sixth Annual Health Law Works-in-Progress Retreat

Seton Hall Law School's Center for Health & Pharmaceutical Law is pleased to announce the Sixth Annual Health Law Works-in-Progress Retreat. The purpose of this retreat is to give health law scholars an opportunity to share their work and exchange ideas in a friendly, informal setting. The retreat is open to anyone with an academic appointment in health law, including professors, fellows, and visitors, in any institution of higher education (not just law schools).

This year's event will be held on February 4 and February 11, 2022, from 1:00-4:00 EST each day. During the retreat, we will engage in an in-depth discussion of three draft papers. Each paper will begin with short reactions by two commentators, followed by a response from the author. We will then open the floor to a general discussion among all retreat participants.

If you are interested in attending, please send your name and affiliation to healthlaw@shu.edu so that we can provide you with the Zoom links.
