Michael Driscoll

Director, Global Strategic Insights, Health Care Compliance
Johnson & Johnson

Michael Driscoll is responsible for the strategic development and execution of Johnson & Johnson's (J&J) Health Care Compliance data analytics based monitoring program. Prior to this, he spent time in the Testing and Monitoring Services team, responsible for compliance assessments as well as leading the Risk Management and Monitoring Analytics team, where he was part of J&J's data analytics integration into the Pharmaceutical sector within compliance.

Mr. Driscoll has been with J&J for fifteen years, eleven of them within the Health Care Compliance Organization. He is a Certified Public Accountant, Certified Fraud Examiner, Chartered Global Management Accountant, and Certified Compliance and Ethics Professional.

Mr. Driscoll holds his Bachelors Degree in Accounting with a minor in Political Science from Muhlenberg College, and his MBA in Marketing from Rutgers University.
