Do you need the exam software and/or is there a new version of the exam software to upgrade to for PC and or MAC?

YES

Go to planetssi.com and login to download and install the latest version of the exam software
(click above)

Once installed, Enter the Exam Software and "Get Your Exams and Licenses"

Once your Exams and Licenses have been downloaded, login to the software to Take an Exam. You should see your current Semester's Exams listed (In Class and Self Scheduled exams only)

Please test out the functionality of the exam software by taking a Practice (i.e. Blue Book) exam. Please refer to the [User Guides located in the Exam Center](#) if you do not know how to do so.
