

Rhiannon Dixon

*Incident Response Manager,
S-RM*

Rhiannon Dixon is an engagement lead in S-RM's Cybersecurity Incident Response practice with 8 years of experience in IT and security strategy. She leads hybrid incident response teams through containment, investigation, and resolution of global ransomware attacks, network intrusions, and business email compromises across the technology, finance, public, and manufacturing sectors.

Rhiannon's advisory experience includes managing extended purple team penetration tests, building future-state cybersecurity strategies, conducting cyber resiliency tabletop exercises, and assessing enterprise and system-level cybersecurity programs against NIST, SWIFT, FFIEC CAT, and PCI DSS frameworks. Prior to working in cybersecurity, she held roles in web development and IT help desk at an organization with over 30,000 users.

Rhiannon is a Security+ Professional and GIAC GCLD certified. She graduated from the University of Alabama with a Bachelor of Science (B.S.) in Management Information Systems.
