Anna Loveless

Associate Director, Advanced Solutions within the Global Development Organization

Johnson & Johnson Innovative Medicine

atemplo@its.jnj.com

Anna Loveless is the Associate Director, Advanced Solutions within the Global Development organization at Johnson & Johnson Innovative Medicine. In this role, Anna plays a critical part in advancing R&D clinical operations by fusing people, processes & technology to reimagine how you use data to drive decisions. Anna's journey at Johnson & Johnson began 17 years ago, during which she dedicated 7 years to the Health Care Compliance organization in varying roles, most recently as Senior Manager of Data Science & Risk Management. Her contributions extended to the strategic development and the continual enhancement of monitoring and mitigation solutions, harnessing the power of cutting-edge digital tools and data-driven strategies.

Anna is Certified Project Management Professional. She holds her Bachelors Degree in Information Technology with a minor in Math from New Jersey Institute of Technology.
