Annabelle Bruyndonckx

Partner

Simmons & Simmons LLP

With over 20 years of experience in advising clients in the Healthcare & Life Sciences industries, Annabelle Bruyndonckx is recognised as one of the leading sector lawyers in Belgium.

Strongly focused on Medtech and the digitalisation of (consumer) healthcare, Annabelle assists international pharmaceutical and biotech companies and global medical device manufacturers, as well as food supplements and cosmetic businesses. As litigation specialist and regulatory expert, her practice at Simmons & Simmons LLP covers all parts of regulated products' life cycle from R&D to marketing authorisation/CE marking, qualification issues, pricing and reimbursement, manufacture and distribution, public procurement, advertising, compliance, and product liability.

Annabelle heads the Education Group of Healixia, the Belgian community of professionals involved in the lifecycle of medicines, medical devices, in-vitro diagnostics, and other health-related products. She is a regular speaker at international Healthcare and Life Sciences conferences.

Annabelle is a member of the firm's Accelerate Digital group, focused on guiding clients through digital transformation.
