

Hepatitis C Elimination Symposium
April 4, 2025

Anthony Raymond

Case Manager, Hepatitis C Elimination Program
North Jersey Community Research Initiative (NJCRI)

Anthony Raymond has dedicated several years to street-level and community outreach, particularly working with PACT teams in Essex and Middlesex counties, where he provided direct support to individuals facing severe and persistent mental health challenges. In 2023, he played a key role in launching the "Opt for Help and Hope" program for the Passaic County Prosecutor's Office, which helps individuals dealing with chronic substance use to expunge their criminal records. In 2024, Anthony joined NJCRI's Hepatitis C Elimination Program as a case manager, where his impact on the community has been exceptional.
