## **Fabiana Lacerca-Allen**

*Senior Vice President, Compliance*

Aimmune Therapeutics (California, United States)

Fabiana Lacerca-Allen has extensive experience in compliance, having started and implemented compliance programs at many Fortune 100 companies. She also has experience as a Board of Director Member at Arthrocare, a publicly traded company in the medical device sector. She has extensive experience delineating compliance strategy, leading global teams and negotiating, and implementing and executing on corporate integrity agreements, as well as deferred prosecution agreements and consent decrees.

Originally from Argentina, Ms. Lacerca-Allen has a lifelong interest in making “rights” happen. The daughter of a prominent cabinet member of the Argentine democratic presidency, she has been witness to the generation-long struggle for justice in a country plagued by corruption. From the beginning of her career, she has dedicated herself to cultivating an environment of justice and equity. She has a proven track record that reflects that lifelong commitment.

Ms. Lacerca-Allen has experience working for leading American companies, such as Aimmune, Elan, Mylan, BMS, Microsoft, Merck, and AT&T Capital. She is well recognized in the industry and is frequently requested as a speaker and participant in forums, as well as publishing on leadership and compliance matters.

Ms. Lacerca-Allen was recognized by Compliance Week in Top Minds 2019, by Hispanic Executive Magazine as a Legal Industry Leader, and by The Guardian for Women’s Leadership, Inspiring Leaders. Ms. Lacerca-Allen received her Bachelor of Law degree in 1989 from the Universidad de Buenos Aires and her LLM degree from UCLA in June 1993.
