An alumnus of Wake Forest University School of Medicine, Dr. Clunie completed his residency in obstetrics and gynecology at New York Downtown Hospital. He went on to complete his maternal–fetal medicine fellowship at Tufts-New England Medical Center, where he received the Tufts School of Medicine Excellence in Teaching Award.

Over the course of his career, Dr. Clunie has authored and co-authored numerous peer-reviewed publications and abstracts. He holds leadership roles with many professional organizations, including the American College of Obstetricians and Gynecologists, the Society for Maternal-Fetal Medicine, and the American Institute of Ultrasound in Medicine.

He was most recently installed as the 123rd president of the National Medical Association, the largest and oldest national organization representing African American physicians and patients in the United States. He remains dedicated to advocating for the elimination of health disparities.
