

Hepatitis C Elimination Symposium
April 4, 2025

Jamel Gray

Mobile Phlebotomist, Hep C Elimination Department
North Jersey Community Research Initiative (NJCRI)

Jamel Gray began his career in harm reduction in 2020 as a prevention specialist, where he conducted STI, HIV, and Hep C testing in the Hudson Valley area. After moving from New York to New Jersey in 2023, he joined the NJCRI team as a mobile phlebotomist in the Hep C Elimination department. He quickly became familiar with New Jersey, traveling to every county in the state as part of the effort to eliminate Hep C. Jamel enjoys connecting with and serving the community.
