Dr. Milind Antani

Lead, Pharma, Healthcare, Medical Device & Digital Healthcare Practice

Nishith Desai Associates (Mumbai)

Milind.antani@nishithdesai.com

Surgeon turned lawyer, Dr. Milind Antani leads the Pharma, Healthcare, Medical Device, and Digital Healthcare practice at research-based international law firm, Nishith Desai Associates.

Acknowledged as both a pioneer and authority in his domain, Dr. Antani has helped frame national policies in key impact areas of the health care sector, including Digital Health and in the Med-tech space. His industry expertise has lent well to his representation of an array of marquee clients in matters allied to regulatory advice, JVs, M&As, VC and private equity investments, collaborations, IP, licensing, and commercialization. He also leads the firm's Social Sector Practice and represents various global and national foundations in India.

A global thought leader, Dr. Antani has been recognized and featured by many prestigious institutions, such as *Who's Who Legal*, *Chambers and Partners*, *The Economic Times*, *AsiaMena*, and *Euromoney*. Various national and international publications such as *Digital Health Legal*, a Cecil Media Publication, and *Pharma Boardroom* in the UK continue to reach out to him for insights. A regular speaker at various prominent forums on pharma, medical devices, medtech and eHealth, biotech, IP, clinical trials, health care, CSR, and social impact investments, he is also a visiting faculty member at premier institutions in Mumbai and Gujarat, including the prestigious Institute of Rural Management, Anand (IRMA). He is also a member of a task force of the National Accreditation Board for Hospitals & Healthcare Providers (NABH) to formalize reforms for Digital Health.
