

S. Arnold Zimmerman, V. (“Van”), Esq.

Director, Corporate Risk

SMFS, Inc. d/b/a/ GRIMM

Van Zimmerman has over two decades experience in healthcare information technology and compliance. Van began his career with Atlantic Health System in New Jersey in 1997, ultimately becoming Chief Privacy Officer, Director, Internal Audit, Compliance Counsel, and Research Integrity Officer. In 2011, he also became the Privacy & Security Officer of Jersey Health Connect, a Health Information Exchange that Atlantic helped found. In 2012 he left Atlantic and focused his efforts on Jersey Health Connect, which for a time became one of the largest private HIEs in the United States. In 2018, Van joined the New Jersey Innovation Institute as the Executive Director of the Jersey Health Information Network. After taking a break as Information Security Officer for Bergen New Bridge Medical Center, returned to NJII as Associate General Counsel before moving to GRIMM, an information security research and consulting firm.

A native of the Panama Canal Zone, Van graduated from Lafayette College with a bachelor’s degree in Economics and from Indiana University, Bloomington with a Juris Doctor and Master of Business.
