Yvonne Osirim currently serves as Vice President, Human Health Ethics & Compliance at Merck & Co., Inc. In this role, Yvonne has primary responsibility for the HH U.S. compliance program, including strategic oversight, design, and implementation of policies, procedures, and practices for the U.S. and headquarters-directed global commercial activities.

During her time at Merck, Yvonne has held roles in Government Investigations, where she managed all high-risk U.S. investigations and Commercial Development, where she led commercial evaluations of potential external acquisition opportunities to support the expansion of the Company's portfolio.

Prior to joining Merck, Yvonne served as an Assistant United States Attorney for the Eastern District of Pennsylvania for over six years, where she prosecuted federal criminal cases involving healthcare fraud, illegal opioid prescribing and distribution by healthcare providers, violent crimes, transnational money laundering, and cross-border narcotics trafficking offenses.
