

Camille Carlton

*Policy Director,
Center for Humane Technology*

Camille is the Policy Director at the Center for Humane Technology. In this role, she steers the organization's policy strategy, supporting policy initiatives that help align technology with the public interest.

Named Business Insider's AI 100 in 2023, Camille has been published in outlets such as Science and Tech Policy Press and has been featured in The New York Times. Before joining CHT, Camille examined issues of platform power and accountability, governance, and shared prosperity at UC Berkeley.

Camille is an Aspen Tech Policy Hub Fellow and holds a master's degree in economic development from the London School of Economics and Political Science.
